

MRS. ROY COLLINS ATTEMPTS SUICIDE

DRINKS CARBOLIC ACID IN HEART OF TOWN. DESPONDENCY IS CAUSE. CONDITION FAVORABLE

At 3 o'clock this afternoon the doctors report the condition of Mrs. Roy R. Collins as very favorable. She regained consciousness during the night, and was removed to her father's home this morning. Ever since regaining consciousness she has constantly called for her husband, but her husband is not to be found, he having left the state last night.

Mrs. Roy R. Collins, Nee Lavina Selfridge, aged 19, attempted to end her life yesterday afternoon by drinking the contents of a three ounce bottle of carbolic acid. The rash act was committed in front of the Surprise store on West Main street in the heart of the city. Only the quick work of a couple of bystanders prevented Mrs. Collins from carrying out her purpose by striking the bottle from her hand and rushing her to the hospital where she was given medical attention.

Mrs. Collins made the attempt on her life about 5:30 p. m. while the streets were crowded with people. She was standing on the sidewalk talking to V. W. Scarberry, a jitney driver and while Mr. Scarberry went to his car to crank it to take her home she opened the bottle and turned it to her lips. Mr. Scarberry saw her drinking the poison and knocked the bottle from her hand. She fainted and as she fell was caught by Mr. Scarberry and George Harrison, who chanced to be passing, and the two rushed with her to the Gwin & Mays drug store near by while W. E. Scott went for Dr. Threlkeld. Mrs. Collins was taken to the local hospital where alcohol and other antidotes were given her to kill the effect of the deadly poison she had drunk.

Mrs. Collins remained in the hospital during last night and regained consciousness about 4 o'clock this morning. Later she was removed to the home of her parents, Mr. and Mrs. W. B. Selfridge, at 405 West Tenth street. The latest report is that she is doing nicely with the chances in favor of recovery.

In speaking of the affair Mr. Scarberry said: "I have absolutely no idea of why Mrs. Collins attempted to end her life. I had taken her to Oakman in the morning and went back for her in the afternoon. We had just come into the city and stopped for a few minutes to mail a letter before going on to her father's home where she was staying. I was talking to her on the sidewalk and when I turned to crank my car she began to drink the poison in the effort to end her life. I knocked the bottle from her hand and with the assistance of two other gentlemen rushed her to the drug store and hospital where she was given an antidote."

George Harrison tells about the same story of the affair as Mr. Scarberry, as does Mr. W. E. Scott, who was standing near.

Got Poison at Holley's
Mrs. Collins got the poison with which she made the attempt on her life from Holley's Drug Store at West Main and Townsend. Otto Strickland, drug clerk at Holley's, says she came to their store about 4:30 yesterday afternoon and asked for the poison. Paul Holley prepared the bottle and as she started to leave Mr. Strickland says he stopped her at the door and asked for her name and the use to be made of the acid. She protested giving this information, but finally did so saying she wanted it for a wash.

Married Two Months Ago.
Mrs. Collins was married to Roy Collins in Ada on February 14th this year. The wedding was performed by Rev. W. H. Nettles. Immediately after the wedding the two set up housekeeping at 226 East 10th street. Mrs. Collins has one child by a former husband and Mr. Collins has three children by his first wife who died last September. They are both well known in Pontotoc county. Mr. Collins for a long time being foreman of the Frisco freight

ROFF SCHOOLS AT WORK ONCE MORE

ROFF. April 14.—(Special).—The public schools of Roff have resumed work again after a week's enforced vacation because of boiler trouble, which cut out the heating system through the Easter cold wave. An expert boiler maker repaired the blow out and pronounced the plant safe and ample for heating needs, at least for the remainder of the term.

REDS FINANCING RAILWAY STRIKE

By the Associated Press
WASHINGTON, April 14.—Evidence obtained by the Department of Justice was said today to show that Russian Communists are undertaking to use the railroad strike as the vehicle for the creation of a massed strike in the United States. Reports from federal agents were said to have disclosed that the Communist Party was financing and otherwise aiding the strike through the agency of the Industrial Workers of the World.

Evidence which the department has received was declared to justify the statement that the strike was to be merely a step in the well known plan of the communist group, and that the end was a mass strike to be followed by a revolution.

STRIKE TO BE A "LINGERING" ONE

MANY ARE RETURNING TO WORK BUT EQUALLY AS MANY ARE QUITTING FROM DAY TO DAY

By the Associated Press
CHICAGO, April 14.—Improved freight traffic conditions were reported today in the central west with insurgent railroad men returning to work at several points, but the industrial situation in Ohio and Michigan reached a crisis as a result of the stoppage of fuel supplies, and in the far west a dozen passenger trains were reported stalled in southern California.

Both insurgent leaders and officials of the loyal brotherhoods predicted that the strike had arrived at a stage where it would be "a lingering affair" but brotherhood heads declared the insurgents gradually were losing strength.

In Detroit 100,000 factory workers were reported idle and between 40,000 and 50,000 industrial workers in other parts of Michigan had been thrown out of work with predictions that more men would be jobless by nightfall. The strike situation in Michigan was reported virtually unchanged, with the exception of the return to work of 150 men at Bay City and 35 at Ludington.

The industrial situation in Ohio became more ominous today with more than 10,000 men out of work in Columbus and vicinity, and virtually every coal mine in the state closed. Growing scarcity of food supplies was reported in many cities in the state. A mail train was reported to have been abandoned at Youngstown and the mail returned to the postoffice.

Troops Out In Illinois

By the Associated Press
SPRINGFIELD, Ill., April 14.—Adjutant General Frank Dickson today ordered several units of the Illinois Reserve Militia to Kewanee, Illinois, at the request of sheriff Wilson who said that strike riots there had gotten beyond his control.

MICKIE SAYS

WEATHER FORECAST
Partly cloudy tonight. Warmer in east and central portions Tuesday. Cloudy and cooler in north-west portion.

"GONE ARE THE DAYS—"

RUSSIAN REFUGEES ESCAPE DEPORTATION

By the Associated Press
MANILA, P. I., April 14.—Two Russian girls who arrived recently from Siberia as Stowaways of the transport Crook, escaped deportation today by marrying American soldiers of the 31st Infantry. The girls, Olga Vohromayeva and Frodrakha Motha, dressed as American soldiers, boarded the transport at Vladivostok, and their identity did not become known until the ship, carrying more than 1,000 officers and men of the 31st Infantry, was well on her voyage. When they attempted to land here they were taken into custody.

An hour before the transport Madawaska was ready to sail for Vladivostok, the girls were taken to the pier by officers of the Immigration service who expected to start them on their return to Siberia.

While the party was awaiting at the pier and a Filipino policeman was guarding the girls, Sergeant Morris Duncan and Private F. Nall of the 31st Infantry appeared with marriage licenses and a Filipino minister who performed a double ceremony.

When told to get ready to embark, the girls protested. A crowd which had been attracted to the pier, cheered the girls as they refused to budge.

While the officer at the pier attempted to seek advice over the telephone from headquarters, the Madawaska pulled into the stream and started on her way to Vladivostok.

The immigration authorities decided to release the girls from custody, and as they drove away with their husbands, the crowd gave them a farewell cheer.

Spaniard On Trial For Poisoning Well Of Bebee Farmer

A Spanish-American from the Bebee community is having his preliminary trial in Justice Anderson's court this afternoon. He is charged with poisoning a stock well belonging to Bert Cood about two miles north of Bebee. The defendant goes by the name of Will Colman in English and something altogether different in Spanish.

These are the days when presidential candidates are more likely to be candid than candid.—Boston Shoe and Leather Reporter.

Heir to Seven Million
By the Associated Press
HAGERSTOWN, Md., April 14.—Gabriel Shipley, a lock tender on the C. & O. Canal here has received word from a probate court in California that he and his five children are heirs to seven million dollars from an estate of twenty-two million left by a cousin who went west in 1849.

Work Resumed in Kansas
By the Associated Press
PITTSBURG, Kansas, April 14.—One deep shaft coal mine and two steam shovel pits were in operation in the Kansas fields today. At another pit one crew appeared for work. Yesterday four shovel mines and no deep mines were in operation. About 350 of the 12,000 miners of the district were at work today.

Outlaw Strikers to Court.
By the Associated Press
NEW ORLEANS, April 14.—United States District Judge, Rufus Foster, today called a special session of the Federal grand jury to consider the cases of the eight outlaw strike leaders arrested last night with interference with interstate commerce, violating the Lever act and interfering with the mail. Judge Foster announced the grand jury men would be instructed to investigate every possible phase of the strike here.

POLITICS STUDIED AT BIG CONFERENCE

By News' Special Service
NORMAN, April 14.—More than sixty women from all over Oklahoma had registered at noon Tuesday for the first annual women's citizenship conference, now in progress at the University of Oklahoma under the direction of the extension division. At least fifty more are expected before the end of the conference. Dr. J. W. Scroggs, one of the extension division directors stated. The conference will close Thursday afternoon instead of Thursday night, as originally planned, in order that some of the delegates representing counties in remote parts of the state may reach their homes before Sunday.

"With more than 391,000 women voters casting their ballots for the first time in November the women of this state must apply themselves to governmental problems," said A. N. Leecraft, who spoke in Governor J. B. A. Robertson's place Monday night. Governor Robertson was called out of the state and could not attend.

Conservation of Health Discussed.
"Conservation of a person's health does not mean just learning how to live a longer life, but rather to learn how to live better and more efficiently," remarked Dr. Leroy Long in his talk on conservation of health. He took up the importance of general healthful conditions and its effects upon the community.

Julien C. Monnet, dean of the school of law, University of Oklahoma, gave the first of his discussions on "Politics and Parties," Tuesday afternoon, taking up the history of politics and parties from ancient times that politics were inseparable from parties.

Justice Kane Talks on Constitution
Justice Matthew J. Kane in his talk on the Oklahoma constitution, went into details of the construction of Oklahoma's present constitution, explaining why certain features had been incorporated.

Wednesday night the visiting ladies from over the state will have an opportunity to attend an Oklahoma forensic contest when the Sooners meet the University of Texas debates in the university auditorium.

"An impression seems to have been received by many ladies in the state, especially in Oklahoma City, that a registration fee is charged. 'There is absolutely no charge,' said Miss Margaret Mitchell, who has charge of registration and entertainment.

The law of compensation is said to work out so that as houses go up rents go down.—Manila Bulletin

Statistics show that more widows than widows marry.

BREAK IN STRIKE IS SEEN BY MR. CORBETT

By the Associated Press
KANSAS CITY, Missouri, April 14.—Isolated instances of striking switchmen returning to work were reported by railroad officials today but there was no indication of a general breaking away from the ranks of the insurgents. 77 switch engines were being operated in the yards of the 12 railroads here, an increase of five over yesterday. Friday may see a big break in the strike here was the belief expressed today by W. M. Corbett, president of the Kansas City Terminal Company, and spokesman for the 12 railroads entering Kansas City. He said information had been received from many sources that the attempt of switchmen to break away from the brotherhood of railroad trainmen would last a week.

WILSON CABINET CONSIDERS STRIKE

ATTORNEY GENERAL PALMER ADMITS GOVERNMENT INTERVENTION BUT GAVE OUT NO DETAILS.

By the Associated Press
WASHINGTON, April 14.—President Wilson and his cabinet discussed the railroad strike for more than one hour today, and apparently reached some conclusion but there was no intimation as to its nature. Attorney General Palmer made the following statement as he left the White House:

"It is unfair to conclude that the strike situation was discussed but I am not prepared to say what conclusions were reached." Other members of the cabinet would make no statement referring all questions to Attorney General Palmer. Some intimated, however, that no definite decision had been made one way or another as to government intervention.

Soon after the cabinet meeting the president telegraphed the members of the newly appointed railroad labor board, asking them to come to Washington and be prepared to function as soon as their nominations have been confirmed by the Senate.

The immediate summoning of the board was one of the matters decided upon at the cabinet meeting it was learned. The president had been informed that Senator Cummins, Chairman of the Senate Interstate Commerce Committee, had prepared a resolution permitting the board to meet here instead of Chicago, and the President's action was in anticipation of the adoption of this resolution.

JAZZ UNPOPULAR WITH JAYHAWKERS

By the Associated Press
TOPEKA, Kans., April 14.—Jazz music was given a severe grilling by Kansas music instructors attending the convention of the State Music Teachers' Association here. A symposium of opinions brought out the following expressions:

"Jazz is wild; it is insane. It is a savage form of music. I hope it dies soon."—Otto Fischer, head of the piano department, Wichita Conservatory of Music.

"Jazz is degenerated ragtime. Rag time was endurable; jazz is impossible."—Frank A. Beach, head of the music department state normal school, Emporia.

"It is the bolshevist and anarchist side of music. In fact, it is not music at all. It is just a new variety of noise. Its popularity soon will fade."—Paul R. Utt, dean of music, Ottawa University.

But among the professionals, the jazz step found one defender. "Jazz is fascinating to me," confessed Miss Harriet Prutsman, piano instructor at the Emporia state normal. "I play it and when I hear others play it I find it irresistible. It has wonderful rhythm and anything that has rhythm has an artistic value. I do hope it doesn't die out."

Sentiment on jazz music was brought to the fore by the orchestral selections furnished at the entertainment given the teachers by the chamber of commerce. They were strictly jazz and the following day the musicians were free in making known what they thought of the C. of C. music.

If the price of silk shirts goes much higher, will the man who buys a supply of them feel he is getting his money's worth unless he wears precincts, although General Leon-ville (S. C.) Piedmont.

SOLDIER RELIEF BILL COMING UP

COMPENSATION OF ONE DOLLAR A DAY WHILE IN SERVICE IS PROPOSED FOR SOLDIERS

By the Associated Press
WASHINGTON, April 14.—A composite soldier relief bill granting adjusted compensation at \$1.00 for each day's service to approximately three million former service men, will be reported to the House with a week. Chairman Fordney of the ways and means committee announced today. Passage of the measure by the House is planned before May 1. Senate leaders announced the bill would be approved by the Senate before the conventions in June, should it be passed by the House this month.

With the elimination of all commissioned officers, along with those who served less than sixty days, or who were employed in shipyards, or received from their employers the differences between their civilian incomes and army pay, the number of those eligible has been reduced to approximately three million. Experts have informed the committee that the average service is ten months, making the payment \$300.00 to each man. Those who were commissioned after serving as enlisted men would be paid on the basis of the time served in the ranks.

A flat rate of tax of not more than 1 per cent on all land sales was favored. The sales committee has reported that sales would net more than is actually needed. The provisions of the original bill presented by the American Legion granting priority in land aid and extension of vocational training, also will be recommended by the committee.

FERRIS WORKS FOR COTTON GROWERS

WASHINGTON, April 14. (Special).—Congressman Scott Ferris of Oklahoma has made an energetic request to the conferees of the Agricultural Appropriations Bill to make sure of the defeat of the Comer Cotton Amendment, which bill provides for the delivery of the cotton in grades of middling or better. The entire Oklahoma Congressional delegation has agreed to vigorously oppose the amendment. Representative Ferris is declining a series of invitations to speak in Oklahoma in order to stay in Washington and help with the soldier legislation advocated by four and a half million former soldiers. Ferris has the assurance from the ways and means committee in charge of the matter that it will report the measure the last of this week. Ferris has been actively in touch with the different legions throughout Oklahoma and will present some amendments desired by them to the bill when it comes up on the floor.

Aguinaldo Is Very Sick Filipino At A Manila Hospital

MANILA, P. I., April 14.—General Emilio Aguinaldo, one of the leaders of the Filipino insurrection who was captured in March, 1901, by the late Major Frederick Funston, is seriously ill in a hospital here.

General Aguinaldo underwent an operation for but the wound did not heal and inflammation set in. It became necessary to open the wound and it was found that a small piece of sponge remained after the stitches had been taken.

Aguinaldo has for several years been engaged in business in Manila.

SENATE FAILS TO ACT ON LABOR BOARD

By the Associated Press
WASHINGTON, April 4.—The Senate today failed to act on the nomination of the members of the railroad labor board. After discussing the nominations in executive session for nearly two hours, the Senate finally deferred action until tomorrow.

Discussion is said to have centered especially around the labor and public groups with especial inquiry made concerning J. J. Forrester of the employees representatives, who is President of the Union of railroad and steamship clerks.

MR. FERRIS IS LABOR'S FRIEND

WASHINGTON LABOR PAPER
SHOWS THAT HE DID NOT
SUPPORT ESCH-CUM-
MINGS BILL.

By News' Special Service

WASHINGTON, April 13.—In view of a report circulated in Oklahoma to the effect that Congressman Scott Ferris favored the Esch-Cummings railroad bill, the Washington Labor Paper entitled, "Labor" published in its issue of April 10th, a statement regarding Representative Ferris' record in the bill which discloses that on everyone of the five votes he was paired against the measure. The statement is concluded with the following paragraph:

"In justice to Mr. Ferris it should be stated that an examination of his record reveals the fact that during the many years he has been in Congress he has voted with labor on practically every measure, which could be regarded as a test."

"His friends on the Oklahoma delegation testify that they were with his attitude toward the Esch-Cummings bill and that they know he was opposed to the measure in its entirety. They point out that on the motion to recommit the conference report, which they say they regarded as the test vote, he had a specific pair which indicated clearly that he was supporting the contentions of labor. They also call attention to the fact that Mr. Snyder republican, the member with whom his was paired on the passage of the conference report, was known to be in favor of the Esch-Cummings bill, and they insist that under the circumstances it is not reasonable to suppose that Mr. Snyder would have paired with a member who entertained the same views on the railroad bill."

"This forever puts to rest any question about Mr. Ferris' record and his faithfulness to labor."

Oklahoma City Times: The United States bituminous coal commission finds that the increase in the price

of coal is out of proportion to the wage increase granted the miners. The people feel much the same way about it, but until the coal mine operators and dealers are made to see it that way, the soaring is apt to continue.

CHANGES TO BE MADE IN INDIAN AGENCY FORCES

MUSKOGEE, April 13.—General reassignment of the field forces of the Indian agency has followed the cutting down of the appropriations, the removal of restrictions from many hundreds of Indians and the raise in pay of workers everywhere. These were the chief reasons assigned by Indian officials for the announcement that twelve Indian field clerks will function where seven formerly held forth.

The clerks who each have from 800 to 3,500 Indians under their direction, now receive from \$1,320 to \$1,700 annually. The new scale will run from \$1,700 to \$1,800 a year. Competition with the commercial world has forced salaries upward and the men are hard to keep even at the higher figure, it is said.

MOONSHINERS SAY NOT GUILTY IN PLEA

By News' Special Service

TULSA, April 14.—Five alleged distillery operators and two men charged with possession of liquor entered pleas of not guilty at the arraignment yesterday before C. L. Yancey, United States commissioner, and were committed to jail to await preliminary hearing. The men were arrested in raids made at Wekiwa and Sand Springs Saturday night

by federal enforcement officers and the finding of the two stills at Wekiwa resulted after the explosion of one of the boiling vessels.

Robert Orr, Harry Orr, Walter Phelan, Newt Kates and Jim Virgil, were arrested at Wekiwa by T. E. Brents, assistant enforcement officer in the Indian service. T. A. Hubbard, J. P. McCormick and F. M. Warner, deputy enforcement officers. Phelan and Harry Orr were placed under bonds of \$1500 each, Kates and Bob Orr under bonds of \$1,000 and Virgil, the only negro arrested, entered a plea of guilty to the charge of operating a distillery and was held under bond of \$500. A second charge was also

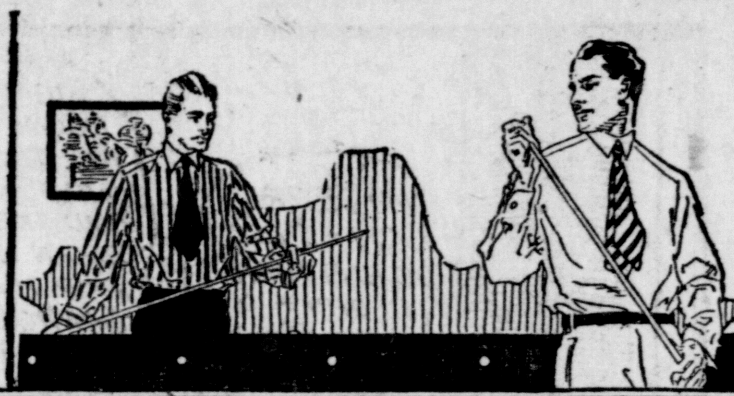

filed against Harry Orr, Walter Phelan and Kates, accusing the defendants of operating the second still found by the officers.

Roy Brown, arrested at Sand Springs in possession of corn whiskey, said to have been obtained from the other defendants, was committed to jail under bond of \$1,000 for preliminary hearing April 21. John Igel, found in possession of "choc" beer by the officers pleaded

not guilty to the charge of possession, and was held under bond of \$750 for preliminary hearing April 23.

LOS ANGELES WOMAN GRATEFUL TO TANLAC

**Mrs. M. E. Proctor Says
—Her Complete Recovery
After So Many Years of
Suffering Seems too Good
To Be True—Was Invalid
For Years.**

MRS. M. E. PROCTOR,
of Los Angeles, California

"I am so grateful for what Tanlac has done for me that I want to tell the whole world about it," said Mrs. M. E. Proctor, of 717 W. First St., Los Angeles, Calif., when speaking of the splendid results she had obtained from the medicine. "To think that I should have suffered for so many years and spent hundreds of dollars in vain efforts to get relief and then find complete relief after taking only four bottles of Tanlac, seems too good to be true."

"Yes, indeed; for years and years I suffered terribly from stomach trouble. Everything I ate seemed to form gas and so affected my heart and breathing that I would have palpitation and would turn purple in the face in my efforts to get my breath. These attacks caused me intense suffering and were so bad that I was frequently confined to my bed and would have to be attended by some member of the family for fear I should succumb during one of the attacks."

"I got awfully thin and was so weak that I had to give up all household duties. I often went for two weeks at a time without getting a good night's sleep and as a consequence became very nervous and low-spirited. In fact, I was a confirmed invalid and my friends did not expect me to live very long."

"I sat reading the paper one evening when my eye caught the statement of a lady who had suffered with similar trouble to my

own and telling how she had been wonderfully helped by Tanlac. I sent for a bottle and started taking it and the results have been most surprising."

"My appetite is splendid now and I can eat most anything without any distress afterward. The gas has stopped forming and I no longer have palpitation or that smothering feeling. I sleep sound all night long and get up feeling rested. I am in better health to-day than I have been for forty years and I feel years younger."

"I don't believe there ever was as good a medicine made as Tanlac." Tanlac is sold in Ada by Gwin & Maye Drug Co., in Stonewall by L. P. Carpenter, in Francis by Francis Drug Co., and in Roff by Dowdy's Pharmacy.

law breakers what the law means; you must show to the citizens that their rights are being protected although one or many may suffer for law infractions."

Booze Substitutes Hit

Judge Williams was strongly against the practice of selling brands of near beverages containing high percentages of alcohol under the guise of flavoring extracts, medicines and general household commodities. He charged the jury with an investigation of the sale of such commodities as Jamaica ginger, flavoring extracts, in addition to the manufacture and sale of all kinds of liquors. The jury was cautioned not to indict men who had liquor in their possession obtained legitimately before prohibition, or a person who makes light wines and ciders for his own use. Ben F. Harrison of Wewoka was chosen foreman of the grand jury.

CONSOLIDATION OF METHODIST CHURCH NEAR?

By the Associated Press

DES MOINES, Iowa, April 14.—Proposals for a reunion of the Methodist Episcopal Church and the Methodist Episcopal Church South will be considered at the quadrennial conference of the former body to be held here beginning May 1. Hundreds of delegates from all parts of the United States and many from foreign countries, will attend this gathering of the supreme law-making body of the Methodist Episcopal Church which includes not only the legislative but judicial and administrative branches of the church government.

Commissions from the conferences of this organization as well as the Methodist Episcopal Church South have approved plans for the reunion of these two great Methodist organizations and discussion

YOUNG WIFE'S EXPERIENCE

Sickness and Suffering all Removed
by Lydia E. Pinkham's
Vegetable Compound.

Plainwell, Mich.—"I had such severe pains in my back and head that I could hardly stand on my feet before my baby came. I could do just a little work and then had to sit down. I took doctor's medicine without relief and my mother advised me to try Lydia E. Pinkham's Vegetable Compound. The first bottle helped me so much that I got more and now I have a son eight months old, the picture of health. I have also found that Vegetable Compound relieves pain at monthly periods. I tell all my friends who are suffering what it has done for me."—Mrs. LILLIE DOUGLAS, 313 Plainwell Street, Plainwell, Michigan.

Young women who suffer as Mrs. Douglas did should not hesitate to give this famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound, a trial, as the evidence that is constantly being published proves beyond question that this grand old remedy has relieved more suffering among women than any other medicine.

For confidential advice write Lydia E. Pinkham Medicine Co., Lynn, Mass. The result of their forty years experience is at your service.

Bolsheviki Design Posters to Create Hate for America

THE HAGUE, April 13.—The Bolsheviki are conducting a strong campaign against America, England and France by the skillful use of huge propaganda posters in Moscow, says G. Nijpels, correspondent of the American Handelsblad, who visited soviet Russia this winter.

He found much to admire from an artistic standpoint in the designs of which he saw many in the railway stations.

"This poster campaign is certainly a very clever piece of work," he writes. "Both the educated and unlettered classes are struck by them, the first by the writing beneath, the

second by the drawings themselves." The campaign was directed along three great lines: First, to cultivate hatred, loathing and fear for such men as Kolchak and Denikine; second, to breed hatred of the entente, especially against the 'capitalistic triumvirate,' France, England and America—never Japan, Italy, the Poles or Czechoslovaks—but always this triumvirate, pictured as the bourgeoisie parasitizing upon the proletariat; and third, to prevent desertion among the red soldiers.

Our Advice

To the Young Business Man

Choose carefully your bank to "grow-up" in.

A banking connection is something not to be lightly made or lightly broken and we want you to give it your best thought and attention.

Particularly do we solicit the accounts of vigorous young concerns, and offer them the full services of this bank for any advice or assistance we may be able to render.

FEDERAL JUDGE GOES AFTER PROFITEERS

By News' Special Service

TULSA, April 14.—Instructions the federal grand jury called in this city Monday for an investigation of charges of profiteering among merchants and dealers of any commodities, for a thorough and systematic inquiry into combinations of labor or other organizations in the restraint of trade, and an investigation of the flooding of this country with substitutes for beverage liquors. Judge R. L. Williams in United States district court opened the doors for criminal action against any person or classes of persons responsible for unrest among the citizens of this district.

"You are representatives of the citizenship of this district," Judge Williams admonished the jurors, "and the public through you men, had an opportunity to delve into the charges that war period reconstruction is being retarded by the action of selfish individuals and selfish interests."

All Complaints Received
The jurors were told that they

Merit That Makes Mileage —In Tires for the Smaller Cars

Such extraordinary competence and carefulness as are characteristic of all Goodyear manufacture likewise characterize Goodyear's building of tires for the smaller cars.

Only very unusual experience and endeavor make possible the high relative value built into the 30x3, 30x3 1/2, and 31x4-inch Goodyear Tires in our Plant No. 2, the world's largest factory devoted to these sizes.

In addition to the larger sizes Goodyear builds, a daily production averaging 20,000 tires of these smaller sizes alone makes them easily available, regardless of the big demand, to owners of Ford, Chevrolet, Dort, Maxwell, and other cars taking these sizes.

If you are one of these owners, go to the nearest Goodyear Service Station Dealer for these tires, and for Goodyear Heavy Tourist Tubes. He carries a stock.

30x3 1/2 Goodyear Double-Cure
Fabric, All-Weather Tread..... \$23.50
30x3 1/2 Goodyear Single-Cure
Fabric, Anti-Skid Tread..... \$21.50

Goodyear Heavy Tourist Tubes are thick, strong tubes that reinforce casings properly. Why risk a good casing with a cheap tube? Goodyear Heavy Tourist Tubes cost little more than tubes of less merit. 30x3 1/2 size in water-proof bag..... \$4.50

The disposition of students to drop out of school before completing the course is strikingly shown in the arrangement of the law building at Oklahoma University. The lecture room of the second year students is much smaller than the room for the first year students. The room for the third year students is much smaller than the room for the second year students. Before the building was planned it was possible for the heads of the institution to gather figures from other law schools and find out exactly what per cent of the students would drop out from year to year. It is an interesting exhibition. It is well known that many students quit school before finishing the course, and no doubt many reasons contribute to the general result.

These are the happy days in baseball. Every city, town and village supporting a team has a winning team. There is not a single team in America that is not absolutely certain to win the pennant. The fans have been promised a sweeping victory from the cast of the first ball to the close of the season. They believe those promises with the same unquestioning faith that characterizes babes and sucklings. They know they are going to win and they are happy. Dark days will come later, but just now the skies are radiant with rainbow hues. The fans are happy, the teams confident, and the managers sure as death and taxes. Thus the season opens with wonderful prospects for every one from bat boy to slugger.

It is not often that a newspaper man gets very far in the politics of Oklahoma. But Editor Fellows of the Henryetta Standard seems to be an exception. He has just been elected mayor of Henryetta on a clean-up ticket. Editor Fellows has been urging the clean-up for several years, but was not able to get very far with his campaign. The old administration ignored him and Henryetta continued to be known as the most convivial city on the Frisco. Then Brother Fellows entered the fight for mayor, promising to make Henryetta a closed town, and with the help of the women of the burg, he won a decisive victory.

The other night we heard a mere man arguing lugubriously against equal suffrage because women are uncertain and you can't tell how they are going to vote. So far as that goes, you can't tell how men are going to vote. In every election there is a host of men pledged and promised to every candidate, and in every legislature there are many members who will speak on one side of a question and vote on the other side.

It is also difficult to understand why "the leading candidate for president," or the "certain winner for president" should not get a single vote in the primaries of Michigan, Minnesota and the Dakotas. It may be easy to explain why a candidate for whom there is an "irresistible nation-wide demand" does not get a single vote in the popular primaries of four states, but we do not understand the why.

The greatest political oversight we have ever noticed was the failure of the Muskogee convention to incorporate in the Owen-for-president platform a certain famous resolution demanding the abolition of the constitution and placing hobble skirts on the supreme court.

The best paid teachers in the United States it is claimed are those of Washington City. The lowest salary paid there is \$1440 a year. One half of this is paid by the tax payers of the country as a whole. The other half is paid by the people of Washington.

Another thing we can't understand. If political battles are fought out on the question of principles, why is it that in every battle Texas has had for twenty five years Joe Bailey and Cone Johnson have been on opposite sides.

The restrictions on all Indian citizens will be moved during the next few months. They are always removed just before congressional elections.

Oklahoma City banks are boasting of their plethora deposits and they will need them when Billy Sunday hits that burg.

Do the people know that the country pays one half the cost of maintaining the streets and sidewalks of Washington?

Do the people know that the tax rate in Washington is only one third of what it is in the other cities of the country?

War Record Condemns Gore

(From McAlester News-Capital April 6th.)

We seriously wonder if political prognosticators are not placing too much emphasis on the supposed "gullibility of the boys in the sticks" as the race between Scott Ferris and Thomas Gore draws to a climax. Every once in a while some superficial observer will opine that while Ferris has the towns and cities well lined up that "Gore will get the grass root votes." Personally we do not believe that such a statement is just. It appears to be a direct reflection on the intelligence of the farmer vote of Oklahoma. To say that Gore can turn the tide of public sentiment by a few honeyed phrases and a little sympathetic palaver is insinuating that the rural population doesn't think clearly—an idea which we condemn most heartily. While admitting that Gore is a demagogue of the type of Vardaman, Reed, Jeff Davis, which type always appeals to the prejudiced and unthinking, we do hold that the ruralists of Oklahoma are not of a class that can be swayed back and forth by empty rhetoric or appeals to passion. So far as this immediate section

is concerned, we know of very, very few men who are supporting Gore and not one of them lives in the rural districts.

And those farmers who are supporting Ferris are not doing it because they see in Ferris any mental giant of brilliant statesman but because they do see in him a clean thinking, large visioned democrat who is ready at all times to serve his people and not eternally trying to cram his own opinion down their throats.

Senator Gore is not being fought on his domestic record. He has been faithful in those incidental matters such as sending large packets of seeds or getting claims thru for individuals. He is being fought on his war record—a record of willful reaction, a record that will always remain a blemish on Oklahoma. He was not in sympathy with the best thought of Oklahoma during the pre-war period. He did not command respect of the majority of voters during the war, and he has failed to represent the state during the post-war. That record condemns him. The rural population knows it just as well as these "city fellows". Don't be misled in to believing that the farmers are anybody's fools.

FARM ACREAGE CUT IN NEW YORK STATE

By News' Special Service:
NEW YORK, April 14.—"The hired man is leaving the farm for a city job at an alarming rate," says Professor C. S. Morgan, head of the Columbia Department of Agriculture in announcing that the university will co-operate with the New York State College of Agriculture, Cornell University, in an intensive course of training in the use of farm machinery and tractors, Friday and Saturday evenings and Saturday afternoon, April 9 to April 24.

"A recent Government report," according to Professor Morgan, "shows that 17 per cent of the farm hands on 3,775 representative New York farms left their country work during the twelve months preceding Feb. 1. It is estimated that there will be a reduction of a third of a million acres in cultivated lands for the current year because of scarcity of help."

"This decrease will take place largely in crops that call for a great deal of labor; for instance, potatoes. This is a poor augury for any reduction in the present high cost of living. A prosperous city life in America is not possible with a decadent agriculture."

"There are several remedies for this deplorable outlook. The one nearest to hand is a more general use on the farm of labor-saving machines. Farmers must know to a more universal extent what resources in a mechanical line they can draw on to solve their problems. Professor H. W. Riley, head of the Department of Rural Engineering at Cornell, will conduct this farm machinery and tractor course. The topics to be considered are respective week-ends will be the function, care and improved types of farm engines; farm power, applications, tractors and trucks."

Columbia's summer session also will endeavor to stimulate and direct interest in agriculture, offering a series of courses embracing fruit growing, elementary horticulture greenhouse management and vegetable gardening. These courses will be given by Hugh Findlay, university lecturer in horticulture.

Trips will be made to truck gardens, private estates, commercial orchards and greenhouses near New York City. Laboratory work will be done in a large greenhouse and garden at Columbia. Actual practical work will fit the student to manage a small home greenhouse and garden. The courses also will be of value to teachers and supervisors of horticulture in public, normal and agricultural schools.

Through its home study division teaching by mail, Columbia will also feature agriculture. The instructor is Professor Morgan. This course aims to give the student a grounding in the principles of scientific agriculture, as relating to the management of field and forage crops in the Eastern United States. Corn, oats, wheat, rye, barley, buckwheat, timothy, clover, alfalfa, potatoes, beets, meadows, pastures, rotation of crops, liming, fertilizers, farm manures, seed selection, crop cost records and emergency crops are the chief topics of the thirty lessons comprising this course.

First Baptist Prayer Meeting.

Our regular prayer meeting service will be held tonight at 8 o'clock and we are always anxious for a good attendance. The prayer meeting holds a distinctive place in the life of the church and in the spiritual welfare of all the members. It is the time when we come together for one specific purpose and that purpose is prayer.

Lets have a full attendance present tonight and make it a service worth while. There are several of our people who are sick and some of them in very bad shape, and we want to unite our petitions to our Heavenly Father in their behalf.—Clyde Calhoun Morris, Pastor.

130 acres of fine upland, 85 in cultivation, 4 room house, one mile of drilling oil well, a real bargain at \$45.00 per acre. 3rd and 4th crop rent goes. Take small amount of money to handle.—Cowling & Carpenter. 4-14-11.

LOWDEN LEADS IN ILLINOIS

GOVERNOR LOWDEN WINS BY BIG ODDS IN PRESIDENTIAL PRIMARY IN ILLINOIS YESTERDAY.

By the Associated Press
CHICAGO, April 14.—According to latest returns today Governor Frank O. Lowden of Illinois won the Republican presidential preference primary in his home state yesterday, by a plurality of 64,574 on returns from all but 430 scattered precincts, although General Leonard Wood carried Cook County, (Chicago,) by 27,443, and Senator Hiram Johnson of California, whose name had to be written on the ballot, surprised political leaders by running up a vote of 45,193, including 40,881 in Cook County. There were no Democratic candidates on the ticket but a number of names were written in by a few hundred voters. General Wood, the only candidate making a campaign in the state carried Alexander, McDonough and Pulaski counties, in addition to Cook, but all the other 98 counties went to Governor Lowden, who on the incomplete unofficial returns scored a majority of 19,381 over his opponents. The Governor rolled up a down-state vote that reached a margin of as high as seven to one in one or two counties, bringing him to the Cook county line with nearly 100,000 lead over General Wood.

Hon. Baxter Taylor To Speak Here on the Inter-Church Subject

Hon. Baxter Taylor, member of the State Industrial Board of Oklahoma, will speak in Ada at the First Presbyterian Church tomorrow evening at eight o'clock on the Inter-Church World Movement.

Every business man of the city, as well as every other citizen male and female, is most cordially invited to be present and hear the discussion on this live topic. The members of the bar of the city are especially invited to attend this meeting, says the committee.

J. Warren Kerrigan's Newest Triumph Is "The Joyous Liar"

The high favor with which J. Warren Kerrigan was regarded by picture audiences everywhere as a result of his brilliant work in his recent success, "A White Man's Chance," bids fair further to be increased when the popular star comes to the Liberty Theatre, beginning today, in "The Joyous Liar," by

Jack Cunningham, the second in his series of Robert Brunton productions distributed by the W. W. Hodkinson Corporation.

Written expressly for Mr. Kerrigan, "The Joyous Liar" abounds in everything this brilliant artist does better than any other screen luminary before the public today. The picture has a goodly share of love interest, a wealth of the thrilling adventures in which the star delights to revel, and mountings that only Robert Brunton can devise. Popular Lillian Walker again

heads the star's own company, and Joseph J. Dowling, the veteran character actor, recently seen as a leading player in "The Miracle Man," once more gives an imposing performance as an associate of Mr. Kerrigan.

Surnames.

Surnames are so called from the early practice of writing them over the Christian name. In modern times they were first used in France, and later their use was introduced into England by the Normans.

: Pavement Pickups :

M. C. Cassidy left this morning for Miami.

W. W. Damron went to Durant this morning for a few days visit.

C. F. Green went to Coalgate this morning on legal business.

The News thanks the Coca Cola bottling company for a case of their favorite beverage.

J. H. Patton, manager of the oil mill, went to Oklahoma City yesterday on business.

Mrs. J. D. Lasater and children left this morning for a visit at Sulphur Springs, Texas.

I. C. Kingsbury of Sioux Fall, S. D., president of the Daokla Oil company, was here this week looking after the interests of his company.

The many friends of Dr. F. Z. Holley are glad to see him on the streets again after a three months seige of flu and other ailments.

J. W. Hays returned yesterday afternoon from a week's stay at Dallas where he went to visit his son who underwent an operation there. His son lives at Wichita Falls, and Mr. Hays reports his condition as very satisfactory.

J. B. Hill, county agent, reports that the sand storm of last Sunday did much damage to the small grain crop in this county. He states that much of the oats is whipped to death although it is not bad as it could have been worse.

H. R. Whitson from the Union Hill school community was in the city yesterday and reports that the sand of last Sunday almost completely ruined the oat crop in his community. He says that it is the worst he has ever seen in this country.

C. F. Nagle has sold his tailor shop on West Main street to Lee Congdon of Shawnee. The change in the management goes into effect next Saturday. C. L. Senn, who has been with Mr. Nagle for some time, will be the manager of the business for Mr. Congdon. He will move his family here from Shawnee in a short while.

C. W. Callerman of Stillwater, district farm agent of this territory is in the city this week visiting J. B. Hill, county agent. Mr. Callerman is very much pleased with the farm demonstration work in this county and says our farmers are as progressive as any in the state, and far ahead of most places.

Another oil leak fire took place yesterday afternoon on West 14th street, just west of the Santa Fe tracks. The oil from the leaking car had run down the gully crossing the street and some mischievous boy set fire to it. The fire raged for about 30 minutes producing much smoke. The foot bridge across the gully burned down causing a loss of probably \$100. The fire department used chemicals and extinguished the flames.

Louis George, manager of the express company asks the News to correct the wrong impression that went out yesterday regarding express shipments from Ada. The article stated that no express was carried from Ada on the down train at night to towns near Ada. Mr. George says the train carries express to the following towns in the Ada trade territory: Stonewall, Tupelo, Coalgate, Phillips and Lehigh, the only other town on the road being Centrahoma.

The Ada High School boys played their third game of the season yesterday on the local grounds. The game was with the Shawnee High, the visitors winning by the score of 12 to 7. The game yesterday was very interesting, the Ada boys hitting and fielding well. The first game of the season was with Holdenville, Holdenville winning. The second game was with Sulphur, Ada High winning.

Graves Leeper of Sulphur, Ardmore, Oklahoma City, and Gainesville, Texas was in Ada yesterday afternoon and honored the Evening News with a most pleasant visit. He is still the same old irrepressible and indescribable Graves and has lost none of his rare humor by keeping company with Joe Bailey down in Cook County. He gave a fine account of the Bailey campaign, the proposed new constitution of Oklahoma, the scarcity of future great citizens, the injustice of Chinese exclusion, and the good old times in Missouri. The Lord never made but one Graves Leeper, the more's the pity.

In Tokyo laborers are threatening to tie up industry if they don't get 18 cents a day.—New York World.

Mr. Bryan has just rounded sixty, but obviously he has not yet entered upon his declining years.—Columbia Record.

Suffragists are getting a much clearer idea of Washington's difficulty in crossing the Delaware.—Philadelphia North American.

The income tax has cost the American people a great deal of money, but think how it has developed their brains.—Boston Transcript.

White markings on bloodhounds betray impurities of strain.

Oriental regard turquoise as a protection against disease.

NAMED AS EMPLOYEES' REPRESENTATIVE ON RAIL LABOR BOARD

Bert M. Jewell.

Bert M. Jewell, who has represented railroad employees in different capacities since 1907, has been nominated with A. O. Wharton to serve on the railroad labor board. During the time Wharton served on the railroad administration's wage adjustment board Jewell acted as president of the affiliated unions.

Many Ball Teams Coming For the Meet Series Here

The baseball series in the district track meet here tomorrow and Saturday promises to be the best of the several years. Already eight teams have entered. These are Shawnee, Purcell, Pauls Valley, Maud, Holdenville, Wetumka, and Ada. All the towns are said to have strong nines and real games are anticipated. E. C. Wilson, manager of the meet, believes that two or three other teams may be here, as telephone calls indicate that possibly Sulphur and one other nine may come.

Just what team has the best prospect of winning is not known here. Ada has a fast team, but is yet a bit weak in the pitching staff. Shawnee has a team which is playing good ball. Holdenville has much the same bunch that won the championship last year. Then too Wetumka is training by Roy Robison, one of the best players East Central has turned out. He has had semi-professional experience the last year and naturally has drilled many of the fine points of the game into his youngsters. The Wetumka team will be in the running for the cup; that much is certain, it is believed.

The baseball games will begin Friday afternoon and will continue to about noon Saturday. Mr. Wilson has changed things a bit and has arranged for a consolation series. The teams which drop out in the first round will play for the consolation prize. This is expected to stimulate interest in the series and cause all of the players to take part in at least two games.

WOMAN WILL SEEK SEAT IN CONGRESS

Mrs. Helen C. Statler.

Mrs. Helen C. Statler of Kalamazoo, Mich., has announced her candidacy for nomination for congress on the Republican ticket from the Third Michigan district. She has been endorsed by a committee of Michigan women headed by Mrs. Caroline Bartlett Crane, well known authority on civic conditions. Mrs. Statler is the daughter of Col. F. W. Curtin, Civil War officer, and granddaughter of J. P. Woodbury, one of Michigan's leading financiers in the '70s and '80s. She is a graduate of Wells College.

The Bolsheviks in America number among their plans the destruction of all jails. They must hurry unless they expect to work from the inside.—Topeka State Journal.

MRS. ROY COLLINS ATTEMPTS SUICIDE

Continued From Page One.)

depot in this city. He has worked lately for the Bennett Bros. transfer company on West 12th street. Mrs. Collins is the daughter of Mr. and Mrs. W. B. Selfridge and she grew to womanhood in the Lightning Ridge community in this county.

Estranged From Husband.
The married life of Mr. and Mrs. Collins seems to have been unhappy and the two separated about 10 days ago. After this took place Mr. Collins went to the home of his first wife's parents near Oakman to make his home. After Mr. Collins left Ada for Oakman Mrs. Collins moved their household furnishings to her father's home where she has since lived. It is said that her strange-ness from her husband has made her very unhappy and this is ascribed as her cause in trying to end her life. She last week engaged A. C. Chaney to file divorce proceedings against Mr. Collins on the grounds of desertion, extreme cruelty and neglect.

Shoots at Husband.
The people in the ordinary quiet community of Oakman were all excited today because of the action of Mrs. Roy R. Collins there yesterday. Mrs. Collins went to Oakman Monday where she spent the afternoon talking with her husband. Not coming to an agreement she returned to Ada on the night train.

Yesterday morning she employed Mr. Scarberry to take her back to Oakman where Mr. Collins has been working. Mr. Collins was plowing and when he came to the house at noon saw his wife, but would not go near her. Instead, he took some plows and went to a neighbor's house to a blacksmith shop. Mrs. Collins, according to Mrs. Caton, waited at the house for several hours and then went out to find Mr. Collins. She called Mr. Scarberry at Ada and when he arrived with his car went east until she reached the farm of Mrs. Hart one mile east of Oakman. There she saw Mr. Collins coming across a field and went out to meet him. According to Mrs. Caton when Mrs. Collins came within 20 feet of her husband she uncovered a pistol and shot at him three times. Mr. Collins ran away from his wife and she then got back into the auto and returned to Ada. Mr. Scarberry states that he does not know how many times Mrs. Collins shot at her husband, but that she gave the pistol she used to him and he gave it to her father when he returned to the city. None of the bullets fired at Mr. Collins took effect.

Mr. Collins states that the cause of his separation from his wife is simply disagreement over unkind treatment of his children.

Mrs. Collins has been calling for her husband all during today and Mr. and Mrs. Selfridge have asked his relatives at Oakman to induce him to come to Ada if they can, as they believe it will greatly improve her condition to see and be near him. According to Mrs. Caton Mr. Collins left Oklahoma last night and they do not know his present whereabouts.

TANK CAR LEAKS; OIL TAKES FIRE BURNS A BRIDGE

A train of oil tank cars switched on the Frisco siding southwest of the Santa Fe station yesterday afternoon for the 4:45 north bound passenger and while stopped there the plug came out of one of the cars and the contents was spilled.

The oil ran down the ravine near the tracks and across 12th street between Johnson and Cherry. Some mischievous youngster, it is thought, set fire to the oil and as a consequence quite a conflagration resulted. The fire department rushed to the scene but the flames were so rapid that the wooden foot bridge across the ravine on 12th street was consumed before the department got them under control. When in action the chemical apparatus did splendid service and it was but a few moments until the fire was suppressed.

We tremble to think what will happen to the excitable Germans if the ouija board craze gets hold of them.—Boston Transcript.

A million miles of barbed wire was used in the war.

Tonight at 8 O'clock

Death of Grandma Rice.

Grandma Rice, aged 76, died at the home of her eldest son, F. N. Rice, at Francis last Saturday afternoon. Mrs. Rice was stricken with paralysis on Thursday afternoon of last week, which disease caused her death. She was one of the best known and most loved women in Pontotoc county. She is survived by her husband, three sons and two daughters and a number of grand children and great-grand children. Funeral services were held Sunday afternoon with interment following in the Oakman cemetery. Rev. Kaytoth was in charge of the funeral services.

Many are already old before they are through their teens; but to travel deliberately through one's age is to get the heart out of a liberal education.—R. L. Stevenson.

MERWIN'S GREATEST NOVEL

TO BE SEEN AT AMERICAN

It is always intensely interesting to see how a book that one has enjoyed and admired between covers fares when it reaches the hands of the motion picture producer.

Millions of readers found in Samuel Merwin's best-seller, "The Honey Bee," a story of unusual theme, fascinating character studies and extraordinary appeal—the story of a woman in revolt against her empty, loveless, childless life: a woman

between whom and the little honey bee the author traced a wonderfully interesting analogy. Millions found it not only an entertaining story, but one with rare quality of giving the brain cells something to do, yet also at times wrinking the corners of the mouth.

This popular book is now translated into pictures by the American Film Company and can be read from the screen at the American Theatre Thursday and Friday. It is a play that mixes heart-

throbs, chuckles, thrills and honest-to-goodness laughter in quite satisfying proportions. Mme. Marguerite Sylva, the grand opera star, heads a banner cast that includes Thomas Holding, Nigel Barrie, Albert Ray, George Hernandez and others—besides Kid McCoy. That last name guaranteed that the great Paris prize-fight between the "Carpenter" and the "Blink Moran" of Merwin's story would be put over in true professional form—and it is. Rupert Julian directed the production.

Do You Know What the Ticking Contains?

Look for
the Red
Label

Do you know what you sleep on? Are you sure that the filler of your mattress has never been used before? Will you get full value for your money in the service your mattress renders?

Questions like these do not bother the buyer of a Made-in-Birmingham Perfection Mattress because our broad guarantee gives you the privilege of looking inside the ticking and seeing with your own eyes how fine and clean and wholesome it is. It assures you that the filler of a Perfection has not been salvaged from the junk pile, re-worked and sold as new material.

The question of Mattress economy is best answered by the fact that 20 and 25 years of continual, comfortable service is no uncommon record for a Perfection. Stop experimenting and taking chances with your health. Buy a Made-in-Birmingham Perfection Mattress and sleep on it for 60 nights. Test it in any way you will. And if you are not thoroughly satisfied, return it and your dealer will be glad to refund the price.

NURSE COMPANION OF EDITH CAVELL TO LIVE IN U. S.

Miss Jaqueline Van Til, photographed on her arrival in New York.

Miss Jaqueline Van Til, a trained nurse of Liege, Belgium, was one of the five other nurses arrested with Edith Cavell in their quarters at Brussels by the Germans. She and the others, with the exception of Miss Cravell, were released two days later. Miss Cavell was executed by the Germans. Miss Van Til has come to the United States to live in Chicago with friends she met in Brussels.

OKLAHOMA IS WAGING WAR ON TUBERCULOSIS

By DR. A. R. LEWIS,
State Health Commissioner.

During the last few weeks there has been much said and written about Oklahoma's tubercular sick. The Towless case created much interest and discussion among Oklahoma City people because the people lived here and all the facts became known.

But the Towless case is not the only one in Oklahoma City, there

are many more here, probably as serious, and hundreds of persons throughout the state who have tuberculosis in some of the various stages of the disease.

The question then which naturally arises is: What is the state doing to relieve this condition; and will the present plan when carried out prove adequate?

What is Being Done.

Here is a brief statement of what is being done by the state:

At the last session of the legislature there was appropriated the sum of \$250,000 for the construction and equipment of three sanatoria for the "treatment of patients afflicted with the disease of tuberculosis."

This amount provides for two \$100,000 sanatoria which are to be used for the treatment of white persons and one \$50,000 sanatorium which is to be devoted to treatment of negroes suffering with the disease.

The location of all the sanatoria has been decided upon. Clinton, Custer county, and Talihina, Latimer county, have been selected as sites for the two \$100,000 institutions and Boley, Okfuskee county, is where the sanatorium for the colored is to be built.

Selection for Sites.

Selection of the sites for the sanatoria was made by the state health department but the work of constructing and equipping the institutions is in charge of the state board of affairs.

The contract for the erection of the Clinton institution was let March 31, and by agreement, actual work toward its construction must be begun within twenty days after his date. There will be an administration building, a one-story structure and the superintendent's cottage. As soon as erection of the buildings of the Clinton institution is progressing satisfactorily, the board of affairs will take up the matter of the Boley sanatorium.

The \$100,000 appropriation for the Talihina sanatorium will not be available until June 30, the beginning of this fiscal year.

The act creating these sanatoria specifically provides that there shall be a minimum capacity of 100 beds in each sanatorium. Thus when

these buildings are completed there will be room for the treatment of but 300 persons suffering with tuberculosis.

Inadequate Capacity.

Persons who are familiar with the ravages of the disease in this state will know that this figure as regards to capacity, is inadequate. I do not mean to intimate by this that Oklahoma has a large number of tuberculosis cases. Our mortality rate from this disease is, in fact, much lower than many of the other states.

But we cannot hope to care for our tubercular sick with room for only this number. At best this will accommodate only the persons who are in the far-advanced stages. While these in most instances can not be cured yet it is important that they be sent to the tubercular sanatorium because of danger of spreading the disease.

The most effective means of fighting tuberculosis, however, is prevention. Statistics show that 80 percent recover when treated in the early stages while only 2 percent respond when treatment is long delayed.

I believe, too, that Oklahoma should provide care and treatment for her own tubercular citizens. It is an imposition and morally wrong to place this burden upon other states. While the change of climate may be effective in some cases it

is not now believed to play as great a part in the restoration of patients as it once was. According to the best medical authorities climate is now rated at only 10 per cent in point of recovery of some patients and in most cases it is now rated at only 10 percent in point of recovery of some patients and in most cases it is regarded as having no effect whatever.

Oklahoma citizens suffering with tuberculosis should be treated in sanatoria provided by the state for this purpose. The state has started out on such a program and it is believed that the realization of greater needs along this line will

be met with provisions by future legislators.

We sure have the stock to select from. Then we have the prices marked down at this sale.—Burk's Style Shop. 4-14-31d-11w

Woman's Part In Man's Success

Often the strongest impulse to save comes from the woman of the household.

Every man should consider himself fortunate who has a wife or mother who helps him to save money.

The important part about saving is not the amount of money you set aside each week. The essential thing is the firm decision to save a definite, regular sum, no matter how small it may be.

Even \$1 saved regularly each week, will make your savings grow amazingly.

And this bank helps by adding 4 per cent compounded semi - annually.

OHIO CITY PLANS WAY TO OPERATE THE POSTOFFICE

COLUMBUS, Ohio, April 13.—Congress will be asked to place de-mocratization of the postal service on a nation-wide basis if a plan, now being tested in the Columbus post office, proves successful.

Clerks, carriers and inspectors have a voice in the management of the post office here.

Assistant Postmaster Robinson is endeavoring to make the employees of the Columbus office more efficient and better satisfied thru the activities of a dozen committees, made up of carriers and clerks, and a "cabinet", comprising representatives of the committees and supervisors.

There are committees on welfare, regulations and orders, relations, standardization, examinations and schemes, efficiency systems, schedules and assignments and furniture and fixtures.

Employees are urged to make suggestions designed to improve the service. Any employee can suggest an order or protest on official order. These suggestions and protests are investigated by a controlling committee which reports its conclusions to the "cabinet" which meets on Sundays. If the "cabinet" approves a suggestion or sanctions a protest, Postmaster Kinnear then passes final judgment wielding the veto or concurring in the "cabinet's" recommendation.

Among the more than one hundred suggestions already on file are: Stools for distributors, medicine cabinet at each station, a survey of the filling system, and that each clerk submit a daily report of performance.

The News Bible Lesson

Proverbs 22: 1-9

A good name is rather to be chosen than great riches and loving favour rather than silver and gold. The rich and poor meet together: the Lord is the maker of them all. A prudent man foreseeth the evil, and hideth himself: but the simple pass on, and are punished.

By humility and the fear of the Lord are riches, and honour, and life. Thorns and snares are in the way of the froward: he that doth keep his soul shall be far from them.

Train up a child in the way he should go: and when he is old he will not depart from it. The rich ruleth over the poor, and the borrower is servant to the lender.

He that soweth iniquity shall reap vanity: and the rod of his anger shall fail.

He that hath a bountiful eye shall be blessed; for he giveth of his bread to the poor

Bill To Save The Choctaws and The Chickasaws Money

WASHINGTON, April 13.—A bill designed to save the Choctaw and Chickasaw Indians of Oklahoma \$300,000 on coal deposits in their lands has been passed by the Senate, the bill having been introduced by Senator Curtis, of Kansas. The bill provides for the sale of the coal rights in the lands on the basis of the appraised value made in 1918 instead of in 1912. Attorneys for coal mining leases claimed that the Interior Department should approve purchases of lands under the 1912 appraisal, while Secretary Lane of the Interior Department refused to do this on the ground that as the lands had increased in value in six years it would not be right to deprive the Indians of additional revenue therefrom. Mining trustees of the Indians and an expert of the Bureau of Mines reported that it was not anticipated that coal companies should be able to purchase surface reservations for less than their actual value at the time they made purchases. They reported that the lands were worth several times their 1912 appraisal and that the Indians instead of the coal companies were entitled to the increases in value.

As passed by the Senate the Bill calls for the sale of lands upon the re-appraised value as recommended by the Department, which it is estimated will increase by \$300,000 the proceeds to be derived by the Indians from their lands. The Bill, however has yet to pass the House before it becomes a law.

Notice to Contractors
Sealed bids will be received for the erection of a brick school house at Oakman, District 12, Pontotoc County, up to 12 o'clock noon, April 19. Plans and specifications can be seen at the office of the county superintendent of schools, A. Floyd, in the county court house after Thursday, April 8.

The board reserves the right to reject any or all bids.

H. C. STEPHENS
Member School Board.

Do You Know

The reason why your clothes should be pressed often? It is because hot, dry steam is as necessary to your garments as is oil to a motor.

When we press your garment, dry steam is forced upon the fabric of the garment, driving out the dust and raising the nap. This process freshens up the material and imparts a fresh, clean appearance which is most desirable.

HOLDENVILLE MAN SETS FIRE TO JAIL

HOLDENVILLE, April 13.—Paul Fancher was arrested here Saturday afternoon on charges of drunkenness and lodged in the city jail. About midnight Saturday night, he became tired of the new home and piled all the mattresses and bed clothing obtainable in the center of the jail and set fire to them. With the fire safely started, Fancher saw his plight and tried to make his escape from the jail. Firemen discovered the blaze in time to stop it. Fancher now has a bill of \$75 to work out in addition to his court fine.

Get it at Gwin & Mays.

**WETUMKA WINS IN
HUGHES TRACK MEET**

WETUMKA, April 14.—(Special)
The Hughes County Literary and
Athletic Meet held at Holdenville
last Friday and Saturday was the
largest meet ever held in this coun-
ty. Over three hundred different pu-
pils in the county took active part
in contests.

Wetumka captured the meet by
making a total of 171 points as
compared to 108 by Holdenville.

Dustin won championship in girls
basket ball. Holdenville won the
baseball over Wetumka by a score
of 7 to 6. Wetumka took doubles
and singles in tennis. Wetumka
had no trouble taking Class A and
Class B track meet. Sheppard of
Wetumka was all-round man, Class
A, making 21 points. Glen Nichols
of Wetumka was all-round man in
Class B, making 27 points.

Wetumka won the Girl's Chorus
and Quartette. Holdenville won the
Folk-dance, also four first places in
High School Literary Contests.

Hughes county will send Gram-
mar school track team to Ada meet
and pay all expenses from athletic
fund.

**GUARDIANS TO LOOK
AFTER DELEGATES**

By the Associated Press
CHICAGO, April 14.—A new de-
parture in political convention man-
agement has been launched by the
Democratic National Committee,
which has opened a transportation
bureau here to care for the dele-
gates, alternates and spectators who
will go to San Francisco to attend
the convention June 28.

The shortage of railroad equip-
ment and the flood of traffic on
all roads is responsible for the in-
novation.

"See America First" tours to
points of interest in the west, in-
cluding Yellowstone Park, the grand
canyon, Los Angeles and others, are
being planned by the democrats as
a lure to attract at least a part of
the travelers westward two or three
weeks before the convention, there-
by spreading the burden on the rail-
roads over a longer period.

For the return trip from San
Francisco a system has been worked
out whereby the visitors can buy
eastbound tickets to call for return

passage eight hours after the con-
vention closes. The biggest problem
in convention transportation has al-
ways been the return trip, as the
day and hour for the close is al-
ways uncertain.

E. K. Bixby, a transportation of-
ficial of the Pennsylvania railroad
system, has been loaned to the Dem-
ocratic committee to take charge of
the transportation bureau. He has
obtained the co-operation of the as-
sociation of western passenger
agents, and the Pullman company
has promised him first call for its
parlor car equipment.

The transportation committee of
the national democratic committee,
which is directing the work includes
Charles Boeschenstein, Illinois,
chairman; Isidore B. Dockweiler,
Calif.; W. W. Marsh, Iowa; Fred
B. Lynch, Minn.; and Patrick H.
Quinn, Rhode Island.

New Converts to Meet

The new converts in the recent
campaign of personal soul-winning
conducted by the Christian Church
will meet tomorrow evening at the
church at five o'clock. The minister
will meet them at that time, and
will instruct them along spiritual
lines.

C. V. DUNN, Minister.

**LUTHER HARRISON TALKS
TO JOURNALISM CLASSES**

"There is no more reason for hav-
ing a democratic or republican news
paper than there is for having dem-
ocratic and republican meat markets,"
was a striking statement made by
Senator Luther Harrison, editor of
the Ada News, in a talk before
University of Oklahoma school of
journalism students at a luncheon
Thursday. Although a politician
Mr. Harrison does not believe that
politics should affect the tone or
meaning of the news.

"During the time I was editor
of a country newspaper in Semi-
nole county in the early days of
Oklahoma, I saw only three men
killed in front of my office and one
of them didn't count because he was
lynched," said Mr. Harrison. But
he declared that Seminole county
is not as wild as some people think.

Senator Harrison also made a
talk in university assembly in the
entire student body Thursday morn-
ing.—University and Editor.

Stock Markets

KANSAS CITY STOCK YARDS,
April 12.—With switchmen still on
an outlaw strike, only a few loads of
live stock got into the yards today,
and the offerings found an outlet to
local sources. Four of the big pack-
ers made limited purchases, and
there was some demand from local
sources, with three loads selling on
an export order. Two loads of Colo-
rado pulp fed steers sold at \$12.75,
the top price. The top price for hogs
was \$13.80, and lambs \$18.50. Com-
pared with last Wednesday prices
are materially lower. The reports
on the strike situation are that it
will end in the next forty-eight
hours, or result in a complete tie
up of all industries.

Today's Receipts

Today's receipts were 500 cattle,
750 hogs, 3000 sheep, compared
with 6500 cattle, 9000 hogs, and
9000 sheep a week ago, and 14,500
cattle, 15,500 hogs, and 9500 sheep
a year ago.

Beef Cattle

About twenty car loads of steers
in the native division sold today
at 10.26 to 12.75. A car load of
1406 pound South Dakota steers
brought \$12.50, and Colorado steers
1365 pounds, brought \$12.75. In
the quarantine division, four cars
sold at \$10.25, three cars \$11.25,
and eight cars \$10.93. Other sales
were odd cows at \$6.00 to \$9.50,
heifers \$7.50 to \$11.50, and year-
lings up to \$12.50. Many regarded
today's prices as \$1.00 lower than
last Wednesday. However the situ-
ation is such that if normal traf-
fic were resumed values would be
established on last Wednesday's lev-
el.

Stockers and Feeders

A few thin cattle, both steers and
cows are being driven to the coun-
try, but otherwise trade is aban-
doned. Traders have the bulk of the
stockers and feeders in their pens
awaiting a shipping outlet. The few
deals made today were stock cows
at \$6.50 with feeding steers up to
\$10.75.

Hogs.

The 750 hogs here today sold at
\$13.00 to \$13.80, and packers took
the offerings. Compared with a week
ago, prices are \$1.75 to \$2.00 low-
er. At other markets, on the limit-
ed trade, reported show similar de-
clines, and quotations are at a low
level for the year. Stocks of fresh
pork are being cleaned up closely
at all the big markets, and open
shipping conditions would restore
last week's price level.

Sheep and Lambs

About 2000 sheep and lambs sold
today to local killers at \$18.00 to
\$18.50, or \$1.50 under quotations
last Wednesday. There was no ship-
ping outlet owing to the strike.

Horses and Mules

Trade at the horse barns was lim-
ited and only a few sales to local
sources were reported. Both receipts
and demand depend on shipping
conditions.

CHARLES M. PIPKIN,
Market Correspondent.

Died This Morning.

Margaret, the infant daughter of
Mr. and Mrs. George Sellers of
Steedman, died at the Sellers home
this morning. Funeral services are
being held this afternoon at the
Conway cemetery.

**Oddfellows Are
Looking For Home
Why Not in Ada?**

OKLAHOMA CITY, April 13.—
The Odd Fellows lodge will build
their proposed ten-story office build-
ing as soon as some city in Okla-
homa offers them a building site or an
inducement equal to \$100,000, said
James I. Phelps, district judge here,
yesterday. The grand lodge has ap-
pointed a committee to canvass the
state and receive proposals from
towns that have inducements to offer
he pointed out.

No offer sufficient to secure the
building has been made by any city
of the state yet, it was announced.
The exact details of the building
is not yet fully determined, but it
is estimated that the new building
will cost from \$500,000 to \$1,000,-
000. The lodge is ready to build as
soon as some town comes along with
a suitable proposition, Judge Phelps
said.

Rooms for Summer Students

To the Citizens of Ada.

Tomorrow afternoon beginning at
one o'clock the Normal school will
endeavor to canvass the homes of
the city to determine accommoda-
tions, prices, etc for summer school
students. We are asking you to
give the canvassers all the data they
ask for and to assist them in get-
ting complete information. Please
let me say, too, that you are to de-
termine what prices you are to ask
for your rooms or board or both.
At the same time I want to urge
you to make your charges just as
reasonable as possible. The difference
of a few dollars to you may deter-
mine definitely whether we shall
have a large enrollment or not.
Manifestly the entire City and the
Normal school are interested in a
large enrollment, aside from the nat-
ural pride we all feel in seeing the
Normal school do its work well.

**This Spring
Tonic goes to
your head**

It's a spring and hair
tonic all rolled into
one.

It will add sparkle to your
eye, snap to your step. It's
easy to take and not hard
to buy.

It can be carried home with-
out a bottle, bag or buss
and is guaranteed to stir up
more conversation in the of-
fice than the boss's baby's
first tooth.

It is something that men
wear out doors—and that
has kept many a woman in
the house.

It can be used in an emer-
gency to fill the radiator
—or any first class Magi-
cian can make it produce
rabbits and ribbons.

Scientists say it is **ON**
cause for baldness but it's
too light on it's feet for
that.

It's a new Spring Stetson
Hat that we have on tap
to-day.

See it!

Stop It!

Don't be a slave to circum-
stances. Don't be satisfied to
drift along year after year.
Get out of the rut that keeps
most men poor. If you are
paying rent, right about face.
The first move in the right
direction is to purchase two or
more lots in Belmont.

Are You Hobbled?

The man who pays rent is
hobbled, so to speak. It keeps
him back. A good part of his
income each month goes to-
ward paying for the privilege
of staying in some other man's
house. Are you hobbled? Then
cut off the shackles by start-
ing to own a home of your
own.

Lots in beautiful Belmont
Added sold on your own
terms, \$1.00 down, fifty cents
per week, two years without
taxes or interest.
